

**QVARTZ RECRUITMENT DAY OSLO
SEPTEMBER 1, 2017**

Conformity never **changed** **the world**

At QVARTZ, we are on a continuous journey. From a Nordic outset, we have expanded into the US and Germany, but follow our clients around the globe, constantly exploring new opportunities to build our company and change the management consulting industry from within. To us, consulting is all about people, and our civilisation counts 331 unique individuals comprising one big, talented and unified team. All passionate, with a desire to make an impact and move things forward – every day.

Right now, we are looking for talented people who want to join our Oslo office and be part of our journey towards unknown lands. More specifically, we are looking for master's students who:

- Have a curious and creative mind combined with strong analytical skills and excellent academic records
- Are characterised by a high level of drive, and thrive in an entrepreneurial environment
- Possess a solid balance of intellectual capabilities, big hearts and excellent people skills
- Are passionate about management consulting and about building our civilisation

Selected candidates will be invited to a personal

interview and a numerical test. If we and you both believe there is reason to continue the process, you will be invited to a recruitment day on September 1 with both individual and group case exercises as well as partner interviews. You will meet potential new colleagues up close and experience some of the exciting challenges that a consultant faces. If we meet each other's expectations, you will leave with a contract.

Apply online at www.qvartz.com/career no later than August 24, 2017. The recruitment day will take place at our office in Wergelandsveien 21, Oslo. Accommodation for students living outside Oslo will be provided.

If you have any questions regarding the position or the recruitment process, please contact Elise Langerød at elise.langerod@qvartz.com.
