

Go to Arctic.

Arctic Securities was established in Norway in 2007 by Mads H. Syversen together with a group of colleagues. 11 years later, Arctic has become a full-service Nordic investment bank with a strong capital markets presence and an extensive client base.

Arctic reached a milestone in 2017, with revenue exceeding NOK 1 billion. The absolute commitment to integrity, quality, competence and long-term client relationships is the foundation of the company's success, and the reason Arctic has become a preferred and trusted partner for its clients.

Arctic's corporate culture is founded on a strong entrepreneurial and opportunistic spirit, with a commitment to continuous development and improvement. By investing in its people and human capital for the long term, Arctic has built a platform for strong future growth and continued high-quality services for its clients.

With an organization of over 200 dedicated professionals and close cooperation between the offices and product offerings, Arctic is ready for expansion in every market. As a key component of its growth strategy, Arctic is seeking new, talented employees who align with the company's core values and wish to be a part of its continued success.

Internship 2019 and full time positions

We are searching for talented and driven individuals with an ambition to perform in a hectic and demanding environment. Applicants should have a sincere interest in the financial markets, but no experience from similar work is required.

Arctic Securities is seeking to fill internship positions in our Corporate Finance, Fixed Income and/or Equities Research Departments. We will also consider strong candidates for full-time positions, applicants should complete their Master degree by first half of 2019.

Applications can be e-mailed to professionals@arctic.com by 2 September 2018, and should include an application letter, a CV, grade transcripts from higher education and high school and recommendations. Fluency in Norwegian is a prerequisite. Please aim to limit the number of attachments to one PDF document. We are welcoming interns throughout the year.

Meet us at Karrieredagen 20 September 2018 and at our recruiting event 8 October 2018.

For any questions, please contact: Joakim Noraas +47 484 03 271 or send an email: professionals@arctic.com
